Beautiful, bold, vibrant colors! Love the detailed pattern. Earrings are obviously very cheap, thin pieces of metal that can really easily bend if you're not careful. But look beautiful when wearing them and that's what matters. Love them!!

Absolutely love these earrings as they're a great size and the first item I've seen that's a beautiful olive green.

Description [Show Less](#)

Details

Item Notice: PLEASE NOTE NOT A 3D IMAGE- not actual wood (Also note that color may vary depending on your monitor settings.) This is a great mouse pad to own. Quality image that will bring some style and color to your work space.

Features a genuine black rubber (not foam) base. The base of our mouse pads are made of genuine natural rubber with an anti skid bottom. This mouse pad is commercial quality! Most other sellers have smaller and thinner mouse pads so be careful of what you purchase.

- Genuine rubber base.
- High traction surface that works great with any mouse.
- Top is vulcanized to the rubber, not glued, so it won't peel off.

PROCESS: Each item is embellished with my creative designs one at a time using a unique printing technique that allows me to permanently instill an image directly onto the mouse pad. The result is a vibrant, stylish imprint that is smudge, scratch, water and fade resistant.

Square mouse pad size: 18 * 22cm
Round mouse pad size: 20 * 20cm

DISCLAIMER:
Do NOT handle with rubbing alcohol, alcoholic beverages, liquid bleach or harsh chemicals.
